DEVELOP TALENT. HONE SKILLS.

WEBINAR

Application of Voltage Regulators

INSTRUCTOR: HI-LINE ENGINEERING

NOVEMBER 12, 10–11:30 A.M.

Register by November 8

Voltage regulators are needed on all distribution systems and serve an important role in maintaining quality service to customers. This webinar will address the fundamentals of how voltage regulators operate. In addition, the presentation will cover application of the voltage regulators including placement, how to coordinate cascading regulators and the use of line drop compensation.

Participants learn:

- The basic operation of voltage regulators and where to effectively place them
- How to coordinate cascading regulators
- How to use line drop compensation

Webinar Registration Fees

Member Registration: \$99 per person

Group Rate: \$275 per cooperative (unlimited attendees)

Nonmember Registration: \$200 per person

Note: A \$50 charge will be applied per student for substitutions and cancellations after the “register by” date listed above.
