

# TEC 2019

DEVELOP TALENT. HONE SKILLS.

## WEBINAR

## Battery Energy Storage Systems

INSTRUCTOR: HI-LINE ENGINEERING

**SEPTEMBER 10, 10-11:30 A.M.**

**Register by September 6**

Utility scale batteries are beginning to make an impact on distribution systems to the point that some utilities are providing assistance to consumers who install batteries behind the meter. This webinar provides a fundamental understanding of battery energy storage systems. Further, the webinar discusses the application of battery storage both on the utility system as well as on the consumer side of the metering.

Participants learn:

- The basics of battery energy storage systems
- The application of battery storage systems for the utility and the consumer

---

### Webinar Registration Fees

**Member Registration:** \$99 per person

**Group Rate:** \$275 per cooperative (unlimited attendees)

**Nonmember Registration:** \$200 per person

**Note:** A \$50 charge will be applied per student for substitutions and cancellations after the "register by" date listed above.
